ADVANCE APPLICATION FOR ADA PARKING LOTS ENABLES SPECIAL NEEDS GUESTS TO PARK CARS NEAR THEIR SEATS

Bristol Motor Speedway asks guests using state-issued ADA placards to apply for a Bristol-issued pass to help these visitors park closer to their seats.

Anyone planning to use state-issued placards should send copies of the permit and the supporting documentation in advance, along with an application form, so that the BMS Events Department can send advance passes for the appropriate parking lots. The documentation required (registration card, receipt, state-recognized disabilities ID card, driver's license, or original approved application forms) is the same reviewed by law enforcement officials at the entrances to handicap lots. If a guest's state does not issue supporting documentation with a permit, the guest should use a copy of the same documentation used to obtain the original permit.

Individuals with temporary disabilities should submit medical documentation with an application to receive the BMS-issued permit.

Space is limited in the South (B-side) Lot closest to the Earnhardt, Yarborough, Johnson and Petty grandstands and terraces, and spaces in this lot will be allocated first to guests with seats in these grandstands, and second, on a first-apply, first-served basis. In the South Lot, only 400 spaces are available for Truck and Nationwide Series events and 600 spaces are available for Sprint Cup events. The number increases for the Cup races because after the Nationwide Series race, BMS opens Nationwide Series competitor spaces for special needs requests.

In the North (A-side) Lot, cars with BMS-issued passes will park closer to the grandstand than cars using state-issued placards.

After applications have been received, notification will be sent to the applicant confirming or denying the request. Passes will be mailed approximately one month before the race.

Law enforcement officials will check the permits at the South and Dragway Entrances to ensure that the name on the BMS-issued permit matches a photo ID of the occupant of the vehicle using the permit. Transferring a BMS-issued permit to another person should be considered the same violation of Tennessee law as fraudulently using a state-issued placard, and anyone doing so may face the same penalties.

State-issued placards will be admitted at the Dragway Entrance only. Law enforcement officials will check documentation to ensure that the person to whom the permit is issued is in the vehicle.

Please note that these permit procedures do not apply to reserved seat wheelchair guests. Reserved wheelchair seating and parking guests should contact Becky Fulwider at 423-989-6931.

For all other handicap parking questions, contact Alice Dawson at 423-989-6941 or alice@bristolmotorspeedway.com.

If you applied for parking in 2011, you must apply again for 2012 parking.
